WESTFIELD SPORTSCAR DRIVING

Westfield Sportscars are one of the the UK's leading hand built sports car manufacturers. Their cars may not be as well known as Aston Martin or Ferrari but they more than make up for it with raw, rubber burning power. They are the classic British sportscar: front engined, rear-wheel drive, lightweight and fast. It's not just about driving these cars, you'll be learning how to handle these cars on the limit with tyre smoking donuts and power sliding drift burns. This experience will certainly give you a thrill.
