

Your choice of hospitals.

As a PruHealth member you will have access to leading private hospitals throughout the UK providing the highest standards of care. You have a choice of four hospital lists which offer different levels of access, please check which list your nearest hospitals are on.

Local hospital list includes all Spire Healthcare and most BMI Healthcare hospitals (the UK's two largest private hospital groups). Excludes London Hospitals.

National hospital list extends coverage to over 160 of the UK's private hospitals, including all Nuffield Health hospitals (the UK's third largest private hospital group). Excludes London Hospitals.

London hospital list further extends coverage to Central London, including all remaining BMI Healthcare, and HCA Healthcare hospitals – the largest private hospital provider in London (this is over 180 of the UK's private hospitals).

Premier hospital list offers the widest choice, with access to all the private hospitals and NHS hospitals with private facilities in the UK (over 400 hospitals).

Co-payment – If you choose to receive in-patient treatment or any MRI, CT or PET scan in a hospital outside your hospital list, a 40% co-payment will apply. If you need treatment which is not available in your chosen hospital list, you must contact us and we'll locate a facility and consultant to provide the required treatment. If you wish to avoid a co-payment, this may involve you travelling to a different hospital within your nominated hospital list to receive treatment.
