**Oilatum Junior** contains light liquid paraffin and has been specially developed to produce a soothing milky bath to treat eczema and dry skin in children and babies. **Oilatum Junior** forms an emollient film on the skin surface to reduce moisture loss, to soothe, soften and rehydrate the skin. It also cleanses the skin so soaps are not needed.

**Directions**

**Always use with water.**  
**BATH:** Add 1-3 capfuls to an 8 inch bath of water. Soak for 10-20 minutes, pat dry.  
**INFANT BATH:** Add ½ to 2 capfuls to a small bath of water. Apply gently over the entire body with a sponge. Pat dry.  
**SKIN CLEANSING:** Rub a small amount into wet skin, rinse off and pat dry.

**Warnings**

Take care against slipping in the bath. Avoid contact with eyes. Do not use if allergic to any of the ingredients listed. Do not smoke or go near naked flames - risk of severe burns. Fabric (clothing, bedding, dressings etc) that has been in contact with this product burns more easily and is a serious fire hazard. Washing clothing and bedding may reduce product build-up but not totally remove it.

**Reporting of side effects**

If you get any side effects e.g. rash, skin irritation, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed on this carton. You can also report side effects directly via the Yellow Card Scheme at: [www.mhra.gov.uk/yellowcard](http://www.mhra.gov.uk/yellowcard). By reporting side effects you can help provide more information on the safety of this medicine.

**Use this medicine only on your skin. KEEP OUT OF THE SIGHT AND REACH OF CHILDREN.**
