BACK OF PACK

Read all of this label for full instructions.

What this medicine is for

An anti-fungal spray for the treatment and prevention of athlete's foot. Also effective for other skin conditions where tenderness and sweating cause skin irritation, such as dhotie itch (groin ringworm), prickly heat.

Before you use this medicine

X Do not use:

- If you are allergic to any of the ingredients

You can use this medicine if you are pregnant or breastfeeding.

✓ How to use this medicine

Shake well before use. Hold the can 15 cm (6 inches) from the skin before spraying.

- Wash and thoroughly dry the affected area
- Spray the affected area liberally
- If you have athlete's foot, spray the socks and inside of shoes with powder as well

Adults and children of 2 years and over:

Apply morning and night.

Continue treatment for at least one week after the condition has cleared up, to stop it coming back.

For use on the skin only.

Avoid contact with eyes.

Do not use on children under 2 years, unless your doctor tells you to.

If symptoms worsen talk to your doctor.

If symptoms do not go away within 10 days, talk to your doctor.

Possible side effects

Most people will not have problems, but some may get some.

If you get any of these stop using the spray and see a doctor:

- Skin irritation
- Contact dermatitis (redness and swelling of the skin)

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet.

You can also report side effects directly via the Yellow Card Scheme at:
www.mhra.gov.uk/yellowcard.

By reporting side effects you can help provide more information on the safety of this medicine.

Do not store above 25°C.

Keep all medicines out of the sight and reach of children.

Use by the date on the base of can.
