

OPTREX EYE LOTION

Gentle soothing action.

For adults and children over 3 years.

Use as often as required.

Neutral pH formula helps reduce stinging.

Optrex Eye Lotion is a medicated lotion which provides active relief for sore, irritated, dusty and tired eyes.

To leave your eyes feeling soothed, cooled, refreshed and cleansed.

How to use Optrex Eye Lotion

READ THE CARTON CAREFULLY BEFORE USE

Please keep it – you may need to read it again.

Adults and children over 3 years:

Use as follows as often as required.

1. Remove any eye make-up.
2. Clean eye bath by boiling it in water before each use.
3. Fill with lotion until one third full. (Replace the bottle cap straight away.)
4. Holding the eye bath by its base, bend your head forward over it.
5. Place your eye over the eye bath.
6. Slowly raise your head slightly, opening your eye so that the lotion flows freely over it.
7. Gently rock your head from side to side for at least 30 seconds.
8. Always discard the lotion in the eye bath.
9. Repeat steps 2-8 using fresh lotion for your other eye.

IMPORTANT

Do not use whilst or shortly before wearing soft contact lenses. Do not return used lotion to the bottle. Do not dilute Optrex Eye Lotion. Do not use if you are sensitive to any of the ingredients.

For serious eye problems or if symptoms persist or new symptoms arise, speak to your doctor, pharmacist or optician.
